

ELECTRIC HEAT TRACE MADE EASY

PREVENT ICE DAMAGE IN GUTTERS AND DOWNSPOUTS!

with
DIAMOND
THERMAL SYSTEMS
*Heat Trace Systems—
Our only business.*

Protect Buildings from Ice and Snow Damage **DISASTERS**

Our electric heat trace Roof & Gutter Systems prevent roof ice dams and gutter/downspout issues from destroying property.

Electric heat trace systems turn ON automatically — so you don't have to worry. Industrial-grade components from Chromalox and Environmental Technologies create a state-of-the-art system that will work for years to come.

We make working with **Electric Heat Trace EASY**

Electric Heat Trace is something that we don't run into every day, and probably neither do you. So we've partnered with a local heat trace representative: DIAMOND THERMAL SYSTEMS — and together we can help YOU provide snow and ice melt heat trace applications . . . **SUCCESSFULLY.**

We can help you provide more value to your customers—and peace of mind all winter long!

ELECTRIC HEAT TRACE

PRODUCTS

- Chromalox Self Regulating & Mineral Insulated (MI) Heat Trace Cables
