RADIATOR  
COILS™**

## CAPABILITIES & SERVICES — SUPER RADIATOR COILS

Diamond Thermal Systems has over a decade of experience with Replacement Coils. We specialize in field measuring and specification of all types of Coils to provide you with a great product and superior fitment. Super Radiator Coils makes this easy with complete factory support and engineering, and they are the industry leader in materials, craftsmanship, and turn around times - offering many coils with a 5 – 10 Day "Super Cycle" build.

### Our Coil Services

- Field Measuring on site of your existing coil
- Careful documentation and photos of coils
- Competitive pricing, especially when compared to the original manufacturer
- Approval drawings for all coils before the build process begins
- Engineering services for "design/build" applications

CALL one of our Account Managers TODAY to schedule a site visit, and let us show you how we can help with all of your specialty coil needs!
